FOR IMMEDIATE RELEASE

## Kisco Announces Native IBM i File Tool - iFileUtility

---

Saranac Lake, NY - Kisco Information Systems announces today the immediate availability of **iFileUtility**, a native file utility package for the IBM i platform (Power Server i/i5/iSeries/ AS400). iFileUtility is an easy-to-use file utility for the IBM i that is very affordable.

iFileUtility, previously sold under the name Quick File Utility/400, provides an integrated set of file utilities for use by IBM i terminal users. iFileUtility provides a record browse for any native IBM i database file showing field names and values. Users can review records in single record mode or in multiple record browse mode. iFileUtility supports both physical files and logical files. From the file viewer, you can update individual records or you can optionally perform record group updates. The file viewer also provides access to record layouts and can show you all files related to the file in use.

iFileUtility is easy to use and very affordable. Kisco sells iFileUtility on a per partition basis but it is also available for IBM i consultants in a “carry around” format that is not locked to a specific computer system. The system is very intuitive for IBM i programmers and it can be configured for easy use by IBM i terminal operators.

iFileUtility includes the following features:

- Single record mode or multiple record browse
- File search on any field contents
- Update individual records, even from a logical view
- Scan & Replace on any field with selection criteria
- Show field headings or field descriptions
- Find all logicals associated and search on any key
- Review record layouts
- Copy files or certain records within a file
- Very affordable
- Consultant’s carry-around version available
- Easy to use, intuitive
- Generates RPG programs that can be converted to application use

iFileUtility is available from Kisco Information Systems. The base package costs \$595.00 regardless of the system where it runs. The “carry around” version, which is only available to consultants and consulting companies, costs \$795.00. iFileUtility is available for FREE THIRTY DAY TRIAL by download from the Kisco Website at <http://www.kisco.com/ifu.htm>. For more information, contact Kisco Information Systems, 89 Church Street, Saranac Lake, NY 12983. Phone: (518) 897-5002, E-mail: [Sales@Kisco.com](mailto:Sales@Kisco.com) or visit our site on the World Wide Web at <http://www.kisco.com>.
